* You may replace one grade items with a presentation grade. One grade item here means: your reading quiz grade, 3 unit problems, one final portfolio problem, or your grade on the midterm or final.

Pluses (+):
- Effort: complete 85% of reading quizzes, turn in every portfolio problem, submit complete final portfolio, attempt both exams, do a presentation
- Problem-Solver: earn more than 5 Es on unit problems
- Growth: demonstrate consistent improvement in your work over the course of the semester (instructor's discretion)

Minuses (-):
- I will never round down a grade you have earned, but if you very nearly achieve one of the letter grades, I reserve the right to give you that letter grade rounded down.
